

# Happy World Water Day, Catskill!

The **Catskill Water Department** is proud to provide clean and safe drinking water for our community. We've been hard at work identifying water service lines. But we can't do it alone—we need your help!

This **World Water Day**, join us in ensuring the quality of our drinking water by checking the material of your service line. **It's quick and simple**—just scan the **QR code** below and follow the instructions to report your service line material.

## Have questions or need help?

Call us at **(518) 943-3830** to learn more or schedule an inspection appointment.

*Let's work together to ensure safe, clean drinking water!*
